

## ADHESIVES

### 43110 Composite Adhesive & Repair

A two-component, fiber-enriched, epoxy used for bonding and/or cosmetic repair of composite plastics such as SMC, fiberglass and carbon fiber as well as Metton® and other rigid plastics.

- One product for bonding and repair
- Exceptional bonding strength
- Outstanding sanding and feather edging
- Air, curing lamp and booth cure options
- Fiber-enriched formula helps control swelling and halos
- Easy to dispense and spread

**Working Time:** 35 Min

**Set Time:** 3 Hr

**Sand Time:**

With Air Dry: 3 Hr

With Paint Booth: 30 Min

With Heat Lamp: 10 Min

### 43310 3 Minute General Purpose Adhesive

A two-component, black, urethane adhesive with a three minute working time for general purpose bonding and repairing of plastic, steel, aluminum, glass, SMC and fiberglass parts.

- High strength and sandable
- Bonds multiple substrates
- 3 minute working time
- Non-sag formula
- Perfect for bumper tabs, headlight brackets, moldings and emblems

**Working Time:** 3 Min

**Set Time:** 30 Min

**Cure Time:** 24 Hr

## PLASTIC REPAIR

### 43210 Flexible Plastic Repair

A two-component, 15 minute sandable epoxy for repairing most flexible plastic parts without an adhesion promoter.

- Exceptional sanding and feather edging
- Remains flexible after cure
- No adhesion promoter
- Reduces mistakes and speeds up repairs
- Compatible with all polyester glazes and putties

**Working Time:** 7 Min

**Sand Time:** 15 Min

**Top Coat Time:** 20 Min

**Cure Time:** 1 Hr

## SEALER

### 43410 White Seam Sealer

A two-component, high viscosity, epoxy seam sealer for use on interior or exterior seams, joints and voids.

- Direct to metal
- Paintable immediately with most solvent based coatings
- High viscosity, non-sag formula
- Remains flexible after cure
- True white non-yellowing color

**Working Time:** 10 Min

**Set Time:** 15 Min

**Top Coat Time:**

Most Solvent-Based: 0 Min

Waterborne: 15 Min

**Cure Time:** 1 Hr

## FLEET LINE™ ACCESSORIES

71139

### Fleet Line™ Manual Applicator

A heavy-duty manual applicator for 10 oz. Fleet Line cartridges. Ergonomically designed, well balanced and a 26:1 gear ratio dispenses even the thickest materials. Accepts most 1:1, 7 oz. and 10 oz. cartridges.

NEW

70059

### Fleet Line™ Pneumatic Applicator

A high performance, air-operated applicator for 10 oz. Fleet Line cartridges. Lightweight and well balanced, this applicator reduces technician hand fatigue commonly experienced with some manual applicators. Accepts most 1:1, 7 oz. and 10 oz. cartridges.

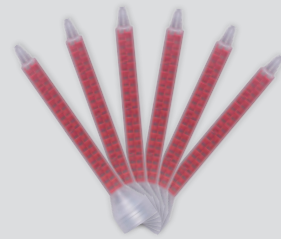

NEW

70011 (6 pack) / 70012 (50 pack)

### Integral Nut Square Static Mixers

Mixing tips for use with two-component cartridge products.

70025

### Fiberglass Cloth

4" X 12' roll of woven fiberglass cloth for reinforcing the backside repair of cracks or tears of composite plastics such as SMC, FRP (traditional fiberglass) and carbon fiber. Also used to create pyramid patches for cosmetic repair to help eliminate swelling commonly seen with composites.

NEW

70026

### Release Film

5" X 12' roll of polyethylene plastic creates a barrier between repair materials and the technician applying them. Perfect for tab repairs and pyramid patches, the film allows the technicians to mold or press the product into place, then peel off effortlessly after it sets. Also works great on cosmetic repairs or vertical surfaces to hold material in place without sagging.

NEW

70027

### Fiberglass Roller

3/8" X 3" aluminum roller presses composite repair materials into place to improve adhesion and remove air pockets. Best when used with **70026 Release Film** for a mess-free repair.

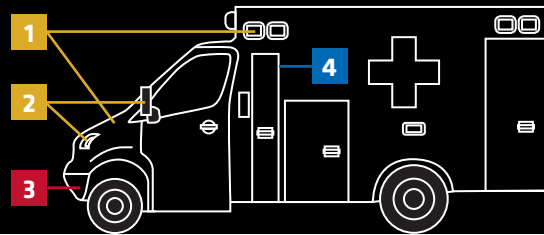

NEW

# EXAMPLES OF FLEET LINE™ USES

These four products cover a wide range of repairs including marine, heavy-duty, vocational and commercial fleets. Each product is optimized to work on multiple surfaces and repairs, reducing SKUs and improving inventory.

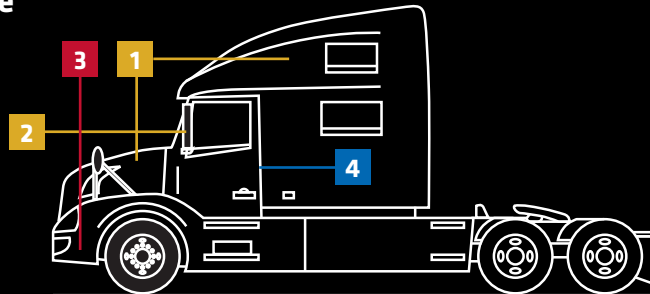

## 1 Composite Adhesive & Repair

- Hoods
- Fenders
- Cowlings
- Boat hulls
- RV side panels

## 2 3 Minute General Purpose Adhesive

- Headlight brackets
- Air cleaner boxes
- Radiator tabs
- Bumper tabs
- Emblems and moldings
- Mirrors

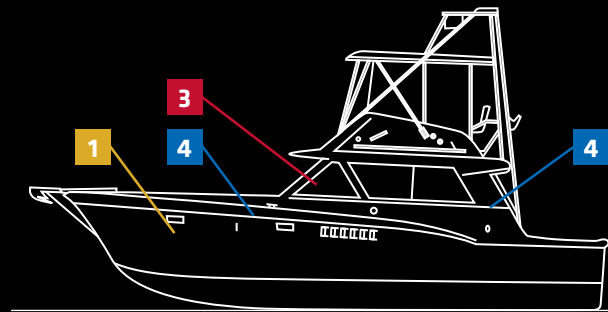

## 3 Flexible Plastic Repair

- Bumpers
- Interior panels
- Exterior panels

## 4 White Seam Sealer

- Interior seams
- Exterior seams
