

# POWER STATION™

SOLVENT OR WATERBORNE

## UNLEASH THE POWER OF AEROSOL

### THE NEXT GENERATION IN SHOP FLOOR REFINISHING

The **SEM Power Station** provides unmatched efficiency for high-volume collision centers. The **Power Station** allows users to easily mix and fill their preferred paint products into aerosols directly on the shop floor. No more cleaning spray guns, no more wasted paint products, and no more paint cups; simply mix, fill, and spray.

- Fill your preferred basecoat, primer, or clear with recommended activator ensuring proper mix
- Reduce labor up to 85% through time savings and less steps
- Eliminate costly cups, hazardous waste and gun cleaning
- Extend pot life of mixed products
- Rationalize SKUs needed for filling
- Free up paint team for larger jobs
- Shop floor compliant (NESHAP 6H)
- Compact, mobile design provides easy integration

## NOW SPRAY YOUR PREFERRED 2K PRIMER, BASECOAT OR CLEAR ON THE SHOP FLOOR

1. Mix your preferred 2K coating and activator. Place the Custom Fill™ cap in the Fill Cylinder and fill with your pre-mixed coating.

2. Choose the correct Custom Fill Aerosol Blank to suit your coating.

3. Fill your aerosol for quick and easy shop floor refinishing.
