UNIVERSAL SURFACE CLEANER

Heavy-duty cleaner that quickly removes solvent-based and waterborne coatings from spray equipment.

- 2-in-1 cleaner reduces products needed in collision center
- Superior 100% virgin solvent formula
- Reduces mistakes from choosing wrong or faulty cleaners
- Removes waterborne or solvent-based paint as well as dedicated cleaners

Super compliant, zero VOC waterborne cleaner that removes solvent and water soluble contaminants prior to refinishing.

- 2-in-1 cleaner reduces products needed in collision center
- Helps eliminate static for improved metallic orientation and reduced dust contamination
- Solvent strong in waterborne formula
- Exceptional grease-cutting power
- Multifunctional for primed or painted surfaces, leather, vinyl, plastic, aluminum, and bare metal

XXX UNIVERSAL GUN CLEANER
77763 | 20 oz. Aerosol

SPRAY GUN: Attach the straw nozzle to the spray tip for hard to reach areas and easily blast contaminants away.

SURFACES: Apply liberally (to a clean, soft, lint-free cloth) and wipe surface to be cleaned. DO NOT leave solvent cloth on plastic or painted surfaces.

Note: Not recommended for use on plastic or painted surfaces as it may soften and discolor the substrate.

TECH TIP: Clean the tips of stopped up spray nozzles on aerosol cans by attaching the stopped up tip onto **XXX Universal Gun Cleaner**. Spray until clean.

XXX UNIVERSAL SURFACE CLEANER
77771 | Gallon
77774 | Quart

Apply directly to surface or clean cloth. Apply enough material to adequately float contaminants out of sand scratches. Wipe dry in one direction with a clean, lint-free cloth, turning and changing cloths often.

If **XXX Universal Surface Cleaner** air dries on the surface, re-wet and dry completely with a clean, lint-free cloth.

Note: Avoid prolonged contact with bare metal.
